

Annual Spring Gala

LISA supports its students not only in the field of languages, but also in arts and theatre. Students from all grades write, rehearse and perform plays and provide musical entertainment as well as a rich buffet.

Each year in spring guests, including school sponsors and parents, are invited to the School's Spring Gala. This is also to thank the active sponsors for their contributions because the school life is supported on the one hand by donations as well as by funds received as contributions of the members of the LISA Support Association.

"Although LISA is a public school, there are additional costs for the diverse range of services. The aim of the LISA Support Association is to ensure LISA's financial support. Together with our main sponsors - Voestalpine, Oberbank, Borealis, Miba AG and the Federation of Austrian Industries (Industriellenvereinigung Oberösterreich) - we are committed to progressive education at an international level. The LISA Spring Gala is always a great opportunity to get in touch with our potential and existing supporters, exchange ideas and thank them," says former Chairlady Dipl.-Ing.in Dr.in Olga Lackner, of the LISA Support Association.
